

PRESS RELEASE
October 21, 2008

For immediate release

The Village of Metamora will hold a public open house to gather public input on the village's future development on Wednesday, November 5th, from 4 pm to 7 pm at the Village Hall 48 E High Street.

The Village Planning Commission has been working on an update to the Village Master Plan for the past three months. At the November open house, the Planning Commission will display alternative development concepts related to the village's residential, commercial, industrial and public land uses. The public is invited to stop by anytime between 4 and 7 to review the displays, ask questions of the Planning Commission members and their consultant, and fill out a survey on future development.

The planning project schedule calls for the draft plan to be ready for distribution in February 2009 and a public hearing in early May. Information on the planning process can also be found at <http://www.rowepsc.com/services/Metamora.php>
